

# DT4CT Apple|Google Workgroup

summary of white paper revisions, and workgroup discussion items

# Join our PolLEV @ <https://pollev.com/kahuina>

## From last workgroup meeting...

"What is one new hobby you've picked up or revived since March 2020?"

- *I can use at least five different video conference platforms in the same day!*
- *running*
- *home repair via YouTube*
- *Re-reading Lord of the Rings... these are fell times, and many are grim of visage.*
- *step aerobics*
- *Home schooling!!!*
- *building Gabion retaining walls*
- *Making pasta and puff pastry*
- *Gardening*
- *Attempting to disconnect from ubiquitous technologies and read; attempting to get back into running*
- *Skateboarding*

# Major Changes

## White paper purpose statement

To help state and local public health officials learn about the A|G ENF, and decide whether to build and deploy a statewide app for users to receive exposure alerts for enhanced COVID-19 contact tracing.

## Contents

1. An executive description of the technology
2. Fundamental public health considerations
3. How to optimize early learning

1. Changed name
  - a. "Exposure Notification Framework"
2. Minimized background information
3. Focused technology description
  - a. Refers out for technical specifications
  - b. Highlights key points: i.e., (1) not App; (2) meaningful exposure setting; (3) national key server.
4. Made considerations to aid **pilot** decision
  - a. Adds Apple|Google's launch steps
  - b. Frames 7 considerations parallel to steps
5. Refocused **pilot** discussion on learning
  - a. Purpose is to inform decisions
  - b. Pilots will be agile
  - c. CoPs
  - d. Knowledge discovery in phases
6. Created list of possible future white paper topics (e.g., privacy, pilot study framework)

# Anticipated workgroup discussion items

<b><u>Subject</u></b>	<b><u>Question</u></b>
1. Name/nomenclature	"API" or "Exposure Notification Framework"? / "Pilot"
2. National Key Server	Identify important planning and resource issues?
3. Fundamental considerations for pilots	Framing and commentary for each consideration (7 total)
4. Depicting when pilot experience and data may answer implementation questions	See White Paper <a href="#">Table 2</a>
Context	Any important context setting information missing?

# Charting a Way Forward

## Papers/Blogs/Guidance

- a. Pilot study framework
- b. Privacy and legal issues
- c. Communication and public education
- d. National implementation plan
- e. Budgeting and cost estimation

## Actions

- a. ...
